Career Objective

Motivated CSE-Data science student with an interest in programming, problem solving, and software development. Currently developing skills in C, C++, Python and web development. Seeking opportunities to learn, contribute, and build practical technical skills.

Education

B.E. – CSE-DS 2025 – Present

Ballari institute of technology and management, University

CGPA: 8.4/10

puc/ 12th Standard 2025

sri shaileshwara vidhyakendra

Percentage: 82

SSLC / 10th Standard 2023

Krupa Nilaya School

Percentage: 84

Technical Skills

- **Programming Languages:** C, Python
- **Data Structures:** Arrays, Linked Lists, Searching, Sorting
- **Web Technologies:** HTML
- **Tools:** Git, GitHub, VS Code
- **Database:** Basic SQL

Projects

Auto Plant Care System

- Developed a smart plant-care system for monitoring plant conditions.
- Used sensors and a microcontroller to automate watering.
- Designed the system to reduce water wastage and support efficient plant growth.

Neuro notify

- smart notification,emergency alert,medication,AI based,dashboard.
- Used structures, arrays, functions, and conditional statements.

Soft Skills

Communication — Teamwork — Problem Solving — Time Management — Quick Learning

Languages

Kannada — English — Hindi
